

DISASTER SURVIVAL SOLUTIONS

QR EMERGENCY PLAN

Your Quake Relief Emergency Plan

Protect Your Family with the QR Center! The Quake Relief (QR) Center is an earthquake survival house in a box that resides outside your home. Just minutes after a natural disaster occurs, you can have a secure, warm, lit, sheltered environment with a weeks worth of food and water away from the possible dangers of staying in your home. The QR Center offers comprehensive disaster relief that you can't get anywhere else.

The Quake Relief (QR) Plan is a step-by-step instructions to help your family get through a disaster. We've provided you with a comprehensive binder filled with earthquake preparation information and clear, straightforward instructions for using QR Center provisions. One binder will be stored inside the box, and a second binder will be kept inside your home. Copies of vital emergency contact information will be printed on small cards that can be stored in wallets, purses, and your children's backpacks.

With the QR Center, you can have a permanent solution that gives you and your family peace of mind, both now and in the future.

SECTION 1 - What you will find in your QR Emergency Plan (Introduction)

SECTION 2 - Emergency Contact Information

SECTION 3 - Family Medical Information

SECTION 4 - Emergency Check Off Sheet

SECTION 5 - Practice Makes Perfect!

SECTION 6 - Pet Disaster Plan

SECTION 8 - Know What's In Your QR Center

SECTION 9 - Instruction Manuals

SECTION 10 - DSS eNewsletter

SECTION 11 - Have a question? Contact us!

DISASTER SURVIVAL SOLUTIONS

Introducing your Family to you QR Center

- STEP 1 :** Talk with your family about potential disasters and why it's necessary to prepare for them. Involve each member of your family in the planning process. Get to know your QR Emergency Plan.
- STEP 2 :** Make sure that everyone in your family knows where to find your QR Center. The QR Center will ultimately be your emergency meeting place. Make sure that your family knows the best routes to get to your QR Center.
- STEP 3 :** Fill out the Emergency Contact Information in Section 2. Try to select at least one contact that lives far enough away to not be affect by the same emergency. Provide your emergency contacts with the names and contact information of the people you want to keep informed of your situation. Instruct family members to call people in your emergency contact list when the time arises.
- STEP 4 :** Complete Family Medical Information of your QR Emergency Plan that can be found in Section 4. It is important to provide as much medical information as possible.
- STEP 5 :** Practice, practice, practice! Go over Section 5 and 6 of your QR Emergency Plan with your family. At a minimum, you should conduct an earthquake drill at least once every six months.
- STEP 6 :** Do you have a pet? Create a Pet Disaster Plan. Read through Section 7 of your DSS Plan to know what you will need to create your Pet Disaster Plan.
- STEP 7 :** Understand the importance on maintaining a Household Inventory Book. Section 8 of your DSS Plan outlines the process of to maintain your Household Inventory Book.

DISASTER SURVIVAL SOLUTIONS

- STEP 8 :** Get to know what's in your QR Center. Open the QR Center with your family and identify each item in Section 9. Also, practice putting together all the items in your QR Center. All the instruction manuals will be found in Section 10.

- STEP 9 :** Fill out the Emergency Contact Cards found in Section 11 and make sure that each person in your family has one.

- STEP 10 :** On a monthly basis you should receive an e-Newsletter from us. This e-Newsletter will have helpful tips to help your family get prepared. Print them out and file them in Section 12.

Map Out Your QR Center Location

Map out where you want to put your QR Center in the space provided below. Keep in mind that your QR Center should be the safest place on your property. Make sure that your family knows where your QR Center is located and that they are aware that the QR Center is your family's emergency meeting place.

A large rectangular grid consisting of 15 columns and 15 rows of small squares. Each square is formed by thin grey lines. The grid is intended for users to map out the location of their QR Center on their property.
